EXO FORCE

Lead Drivers Team

Lead Mechanics Information (classified at this time)

Fast: 10.5 km/h (6.5 mph) - 100 km/h (62 mph)

You can recognize the Exo Force Team by their black racing suits, black helmets, and fully extended bright red. Exo Force has been the Drone champions every year for as long as anyone can remember, and no other team has stepped forward to challenge them - that is, until the Exo Team started to win races recently. Exo Force does not race for fun, for adventure, or out of a need for speed - they race to win. Even more than that, they race to make other teams lose.
