

The LEGO logo is centered in a red square. It features the word "LEGO" in a white, bold, rounded font with a thick black outline and a yellow drop shadow. A small registered trademark symbol (®) is located to the upper right of the letter "O".

It's a new toy every day!

LEGO® toys are the toys you add on to rather than outgrow. First, DUPLO toys help preschoolers

develop creativity and skills while having fun. Then, children can explore the limits of imagination and excitement with the many sets within the LEGO SYSTEM brand. And for older builders, the LEGO TECHNIC range keeps the fun going with realistic, technical construction sets that work like the real thing.

每天都有新玩具!

所有「樂高」玩具隨時都可以互相結合，因此，即使孩子一天一天長大，他／她仍會一直對這些玩具充滿興趣。為學齡前兒童設計的「得寶」玩具不僅有趣好玩，更可以用來鍛鍊他／她們的創作力和各種技能。年齡稍大時，他／她可以從林林種種極富想像力的「樂高」組合玩具領略到無窮樂趣。而喜歡製作模型的大孩子，一定會對「樂高科技」系列中各種逼真得可與實物媲美的玩具愛不釋手。

All aboard! The new DUPLO trains are ready for action!

A new kind of preschool train, the Electric DUPLO Play Train (2730) makes a different sound every time children activate one of its fun features. And if the train is not activated within a given period, the motor automatically shuts down to save batteries. Of course, DUPLO Train sets combine with all other DUPLO sets for extra play value.

請各位小朋友上車!

新式的「得寶」火車隨時要開車啦!

「得寶」電動玩具火車(2730)是一輛特別為學齡前兒童設計的新式玩具火車，每次小朋友撥弄它某個特別部份，它就會發出一種不同的聲音，如果在一段時間內沒有人撥弄它，火車的電動機會自動關上，以免浪費電池。當然，「得寶」火車也可以結合其他「得寶」玩具，為小朋友帶來更多樂趣。
