UK Instructions for use of battery box

Never mix different types of batteries or old and new batteries in one battery box. Always remove the batteries from the battery box for long-term storage or if they have reached the end of their life. Liquid leaking from dead batteries will damage the battery box. Rechargeable batteries can be used but power may be reduced. Do not recharge the batteries in the battery box.

D Bedienungsanweisung für Batteriekasten

Schütze niemals verschiedene Batterietypen oder alte und neue Batterien gemeinsam in einem Batteriekasten. Nimm aufgebrauchte Batterien gleich aus dem Batteriekasten. Lagere den Batteriekasten für längere Zeit stets ohne Batterien. Ausströmende Flüssigkeit aus alten Batterien kann den Batteriekasten beschädigen. Du kannst wiederaufladbare Batterien benutzen. Aber lade sie nicht im Batteriekasten auf. Erlösche verbrauchte und alte Batterien immer über Sammelstellen. Sie gehören nicht in den Hausmüll!

F Instructions pour l'utilisation du boîtier piles

Ne mélangez jamais différents types de piles, ni des anciennes piles avec des nouvelles. Prenez à enlever les piles du boîtier lorsque vous ne vous en servez plus, et ne les garder pas trop longtemps, car le liquide provenant de piles usagées peut endommager le boîtier. Vous pouvez utiliser des piles rechargeables, mais ne les rechargez pas dans le boîtier piles.

I Istruzioni per l'uso del portapile

Non utilizzare pile vecchie e nuove nello stesso portapile. Togliere sempre le pile se scariche o se non dovano essere utilizzate per lungo tempo. Il liquido che fuoriesce dalle pile scariche danneggia il portapile. È possibile utilizzare pile ricaricabili. Non ricaricare le pile nel portapile.

NL Zo gebruiken u de batterijhouder

Gebruik u nooit verschillende type batterijen of nieuwe en oude batterijen bij elkaar in een batterijhouder. Als u de batterijhouder langere tijd niet gebruikt, verwijder u de batterijen. Dit geldt ook voor batterijen die oud zijn. Batterijen die leeg zijn of die lang in de batterijhouder zitten kunnen gaan lekken. Dit veroorzaakt onherstelbare schade en valt niet onder garantie. U kunt oplaadbare batterijen gebruiken. Laat nooit batterijen op in de batterijhouder.

E Instrucciones para el uso del porta-pilas

Evitar de una misma caja porta-pilas no mezclar nunca diferentes tipos de pilas ni tampoco las nuevas con las ya usadas. Sacar siempre las pilas de la caja porta-pilas cuando no voyan a utilizarse por un tiempo y cambiarlas igualmente cuando estén muy usadas, ya que el líquido que desprenden puede dañar las conexiones de la caja porta-pilas. Pueden utilizarse pilas recargables, si bien no deben recargarse dentro de la caja porta-pilas.
